## Devon Inspection Standards

To help improve communication between Devon homeowners, the Board of Directors and our management company (Renaissance Community Partners – RCP), the following standards are used during inspections. These standards are a reflection of the CC&R's and Design Guidelines for Devon HOA. The Board feels the descriptions of the standards provide residents with helpful information if you should receive a sticky note on your door or a violation letter in the mail. If you have questions regarding these standards, please do not hesitate to call RCP for clarification at 480-813-6788.

For your review, the community governing documents are available online at [www.devonhoa.com/docs.htm](http://www.devonhoa.com/docs.htm)
